

LAST ACT BEFORE THE NEXT ACT!

Palm Springs Chamber of Commerce Members are invited to a special “behind-the-scenes” event at the Historic Plaza Theatre before it closes for renovation! Attendees will get access to a presentation outlining our fundraising campaign to date, architectural plans, and details about what the community can expect once construction is complete and the theatre reopens in 2024.

The City of Palm Springs is working in partnership with the Palm Springs Plaza Theatre Foundation to undertake a \$16 million capital campaign to fund a full renovation and modernization of the theatre to restore its former glory and assist the City with the renovation and future management of the theatre.

To date \$13.7M of the \$16M capital campaign budget has been raised in contributions and pledges! The final plans for the Historic Restoration of the Plaza Theatre are nearly complete and the theater will close this summer for construction.
